

The Roving

June 2015

President's Message:

I hope all members have had a chance to go on our new Members Only facebook page. Since it has started there has been a lot of sharing and answering of questions. It's almost like having Show and Tell available at all times and not just at meetings. Hopefully this will enable all of us to connect between meetings and make our guild stronger. I want to thank Stacey Hungerford for going ahead and making all this possible.

We never really get a chance to visit different members at the meetings so at the June meeting we are hoping to do this. After the business meeting, we hope there will be time for members to sit and visit for a while before going home or out to lunch. Bring something you are working on or just questions you have for some other members. We have the building until 1:00pm so let's use it.

July's get together will be at Dee Dee King's in Pierpont Springs (near Camp Nelson). This will be a spin-in, but if you don't spin then bring something else you are working on. It's a cool retreat from the warmer valley temperatures.

June Meeting

WHEN: June 13

WHERE: Exeter Memorial Bldg

TIME: 9:30- 1:00 pm

PROGRAM: Wool and other Fibers Sale

9:30- 10:00 coffee & goodies
Guild members with last names
between I- R please bring a goodie to share

Please carpool.

We have a new "trial" Facebook page @ <https://www.facebook.com/groups/1449275522052127/>

It is a "Members Only" Group where we can learn, inspire and share our projects in a relaxed format, in real time. You can add yourself at the link above. Check it out. If you would like help being added, just send an email to 2HWOTV@gmail.com

Our other Facebook page serves us wonderfully to attract members at the public level. Once you are a member, and want to share a little more personally, perhaps this page can meet that need. Some have requested more interactions between meetings for various reasons.

For example...

It's easier to post a question and have many responses quickly, rather than calling many individuals during their busy day. We can post pictures from meetings for those that are out sick. Carpooling, finished projects, and events, the possibilities are endless.

We will try it for 6 months and see if it's beneficial. Happy Posting

“Fishing” for Info by Lynda Bass

I am still in the midst of choosing workshops for the next year or so. Please choose two from the lists below, and take into account what it will cost (if that information is there for you). I have sent the details of these classes to you, earlier, but you can check the links to see them again, if you did not save the earlier email.
