

Welcome to our annual Show and Sale. We hope you have fun participating in the show and connecting with the folks who support us. This is our time to share the message of our fiber journey with others in the community and perhaps recruit a few new members.

Sale:

There are a few rules and regulations we'd like everyone to follow to guarantee we have the same high quality show our public has come to expect. The following rules were agreed upon for items in 2020.

Who May Participate:

Members of HWOTV whose dues are paid in full by April 30th.

General Policy:

- All items brought in for sale must be new handwoven, handspun yarn, fleece, or felted. Exception: You may sell used equipment, books, and excess yarn in your booth.
- Handwoven items must be at least 50% handwoven.
- Hand-knit or crocheted items must be made using the member's handspun yarn.
- Hand-felted items are accepted including needle felted, Nuno felted, and water bath felted items.
- Mill-spin yarn for sale made from members' flocks or farms is allowed as well as fleece, raw, or prepared into roving.
- Coiled or woven baskets are accepted. These can be coiled or woven on a wood or gourd base.
- Surface designs, printed, painted or dyed on commercial fabrics, such as silk scarf blanks, are accepted, but are to be displayed clearly marked as not handwoven.
- All new products will be evaluated prior to Show and Sale to ensure that they are aligned with the guidelines.

Revised 3/20/2023

Please ask Co-Chairperson about items not specifically listed above. Please submit your project for approval by the September meeting.

Set up for the show is Friday, October 27, 2023. Guild members who have reserved a booth space are welcome to decorate their booths any way they wish. **Tables should be covered. You are welcome to share booths to split the cost, however careful consideration must be given to how much your booth can attractively hold without appearing crowded. You will be your own banker.**

Booth sizes will be approximately 10' x 10'. You may request a specific number of tables and we will do our best to accommodate your request.
